About Me

Writing songs since she was small and taking guitar lessons since 7 years old, she is decidedly unique from other teenagers. Her idols have always been the creators of songs and she has never wavered in her desire to be one of them. She continues to work with some of the industry's best, including Marla Cannon-Goodman ("The Fool" /Lee Ann Womack) Kendell Marvel ("Either Way /Chris Stapleton), Terri Jo Box ("God Bless the Boy"/Cody Johnson), Tony Lane (Little Past Little Rock/ Lee Ann Womack) John Bettis ("Human Nature"/ Michael Jackson) and Artists such as Drake White, Craig Campbell, John Schneider and Charles Esten.

When she's not writing for her projects, Paige writes for other artists and has had over 50 independent cuts including Drake White (Can't Have My Dog), Straight no Chaser (What Christmas Sounds Like), Jon Mullins (Last Love), John Schneider (Why did you leave me) and Worth the Wait (Vinyl Revival 9/10 songs on album.) She has also performed at legendary venues such as the Bluebird Cafe in Nashville, the MGM Grand in Las Vegas, and was featured on The Talk in 2020 and the Kelly Clarkson Show in 2023.

CANCER SURVIVOR

In 2019 my life changed forever when I was diagnosed with Leukemia. I can happily say though i'm 2 years cancer free! Im trying to help other kids affected by cancer by joining hands with charities and trying to make a difference. In 2022 alone i helped raise over 10mil for hospitals and research.
